PIONEER WASHER.
E. G. BOLTER,
AGENT FOR OREGON AND WASHINGTON TERRITORY.

THIS CELEBRATED WASHING MACHINE IS now for the first time introduced to the Oregon public. It is unrivalled for its simplicity, durability and the rapidity and ease of its action. Washing the dirtiest clothes perfectly clean in from five to ten minutes, with but slight labor, and lasting, with proper care, for ten years. The wear and tear of clothing in washing by this machine is vastly less than by any other known process of washing. It does its work by a reverse motion in forcing the water through the clothes.

It having a tight cover, the steam thus assists materially in cleansing the clothes, and also avoids the inhaling of steam from hot suds.

This Machine captured the Special Premium at the California State Fair, and all that have used it pronounce it an invaluable adjunct to all housekeepers and families and washing men and washing women.

It has been extensively introduced throughout the State of California, and receives the universal commendation of all who have used it.

THE COUNTY RIGHTS, now unsold, will be sold at a bargain if applied for soon.

For Reference, enquire at the
Mansion House, and of Southworth's Boarding House, Portland Hotel, Pioneer Hotel, California Hotel, and many others. John Wilson, Mrs. S. F. Johnson, Mrs. John A. Carr, Belter Brothers. John Hulery,

STEAMER
U. S. GRANT,
Will make Two Trips per Week to the
CITY OF ASTORIA!
Carrying Passengers at $10, the Round Trip, (Meals Included.)

The Boat leaves Portland Wednesdays and Saturdays at 7½ A. M. Returning leaves Astoria Thursdays and Mondays at 6 o'clock A M.

Every person purchasing a Passenger Ticket will be presented with one of 900 Prize Tickets, to be drawn on the 1ST DAY OF AUGUST, 1867, for the following Prizes:

Steamer U. S. GRANT, to be divided into 4 shares;
ONE BLOCK OF LOTS IN EAST PORTLAND, divided into 8 shares, or one lot to the share, viz: Lots 1, 2, 3, 4, 5, 6, 7 and 8, Block 37, opposite the "New Columbian" Hotel, and at the terminus of the proposed Suspension Bridge;
ONE GOLD WATCH, worth $100;
150 CORDS DRY FIR WOOD, in 3 shares, to be placed on the Brooklyn Wharf.

The Steamer is 54 tons burthen, 52 horse-power engine, propeller wheel, draft of water 5 feet. She is being thoroughly refitted and refurnished as a Passenger Boat. The Boat will be delivered in perfect order, free from all incumbrance, and Warranty Deeds made for the real estate, to the persons drawing the same. Tickets can be had of C. P. FERRY, in Portland, where the money will be left on deposit till the prizes are drawn and delivered.

Any person having a claim against me, and wishing a ticket, can get an order for one by calling on me on board the boat. The person drawing the gold watch can have $100 in gold coin, if preferred.

C. P. FERRY, Broker, R. J. LADD, ex-Sheriff, ALEXANDER, U. S. Marshal, and C. S. SILVER, Merchant, of Portland, are the Committee and Judges to direct the Drawing of Prizes. The Prizes will be drawn before the 1st of August, if all the tickets are taken before that time.

☞ The above liberal offer is made to the traveling public to enable the subscriber to pay his debts, and not with any reference to speculation, as all the property is valued at much less than its cost, (the Steamer alone having cost $11,000), and the price for carrying passengers to Astoria being much less than the usual fare.

Portland May 21, 1867. dlm J. W. KERN.

Notice.

OWING TO THE STEAMER U. S. GRANT having lost several regular trips, she will continue to run for a few weeks, to give all ticket holders an opportunity to travel. The tickets stand good for a passage as long as the boat continues to run. A few more tickets yet to be disposed of.

MINING TOOLS—A Large Stock on hand and for sale by H. W. CORBETT & CO.

By Overland Telegraph.

[DISPATCHES TO THE OREGONIAN.]

DATES TO SEPTEMBER 25.

Washington News.

WASHINGTON, Sept. 25.—A serious conflict has arisen between the Navy Department and Judicial authorities. A Pennsylvania Court has issued a *habeas corpus* for a marine enlisted at the Philadelphia Navy Yard, who is a minor. The Navy Department claims that the marine was enlisted under the law relating to the enlistment of minors, and refuses to give him up. The District Attorney declared that he would call upon the Governor for an armed force to compel obedience. The Navy Department has ordered Commander Selfridge to use all power at his disposal to resist the authorities. The Court has taken until Saturday to consider the case.

CHICAGO, Sept. 25.—The *Times'* special says Grant's instructions to Thomas say the military cannot judge which faction has the right to control, but must confine its action to the prevention of hostile mobs.

New York Politics.

NEW YORK, Sept. 25.—The Syracuse Republican State Convention was held to-day, Roscoe Conkling, permanent Chairman. The following nominations were made: Secretary of State, Gen Morgan of Saratoga; Controller, Calvin J. Huntington of St. Lawrence; Treasurer, Thomas C. Gales of Ulster county; Attorney General, Judge Van Cott of Kings county; State Engineer, A. C. Powell of Onadaigo; Canal Commissioner, Gen. John Hammond of Alleghany.

The *Times'* special advices from New Orleans leave no doubt that an election will take place on the 27th.

Maryland Rebel Militia.

The Chicago *Tribune's* says the Washington *Chronicle* contains a long article about the Maryland militia. Four thousand are already organized at Baltimore. The total paid militia of the state is probably 10,000. The cost of the armory is about half a million of dollars. Much of this force is composed of returned rebel soldiers. Notwithstanding the Government has a vast quantity of muskets good enough for all ordinary purposes of State Militia, these men are supplied with new Springfield arms. A large portion of the officers are either returned rebels or Johnson Democrats. Loyal men do not believe the force is being raised for good purposes.

Miscellaneous.

WASHINGTON, Sept. 25.—The Treasury Department is preparing maps for commercial purposes, designate the new Territory Alaska.

DETROIT, Sept. 24.—The Board of Trade has passed resolutions in favor of a National Board of Trade Convention at some seaport city, to consider the important commercial interests, including finance, central system, freights and transportation between the East and West.

The Committee of tobacconists earnestly urge modification of recent regulations. The Department promised to give the complaints early attention. The Committee decline that under present regulations, proprietors of bonded warehouses will be compelled to give up.

The *Times'* Washington special says it is understood that the Secretary of the Treasury has suspended the sale of gold until the payment of the interest of 5-20's in November.

NEW YORK, Sept. 25.—Capt. Gen. Mazana, late of Havana, who died of typhoid fever, has been embalmed and is lying in state. Barnado has been sworn in as Provisional Captain General. The whole city is in mourning.

DUBUQUE, Sept. 25.—A tremendous hail storm today did much damage.

Sheridan arrived to-day and received an enthusiastic and popular demonstration with illuminations, fireworks, etc. No formal speeches made. The formal reception occurs to-morrow in Independence Hall.

CHICAGO, Sept. 25.—The corner-stone of the new railroad bridge across the Mississippi river at Quincy, Illinois, was laid yesterday with Masonic ceremonies.

It is understood, notwithstanding the death of Mr. Bruce, that the State Department is not despondent about obtaining a fair settlement of the *Alabama* claims.

CHICAGO was visited by a destructive fire at midnight. A number of dwellings were burned. Several fires occurred during the week—many dwellings destroyed. Many cases are known to be the work of incendiaries. Several arrests made.

BY ATLANTIC CABLE.

FLORENCE, Sept 25.—When the news of Garibaldi's arrest became known, partisans in this city were greatly excited, appearing in the streets in crowds, and made turbulent demonstrations of sympathy for their leader. These manifestations developed into a riot; but the disturbance, though threatening, was suppressed by the firmness and prompt action of the government. All the Garibaldian volunteers were compelled to disperse. The King issued a proclamation, saying it was the fault of the government, pledged in treaties with foreign powers, which enacted the painful duty of arresting Garibaldi, the acknowledged leader of a movement in direct violation of treaties. The government has offered to send Garibaldi home to Caprera, or release him from all restraints, if he will give assurance not to engage in further hostilities against Rome.

The Paris *Monitor* and the official and semi-official *Journal* praise the firmness of the King in maintaining his faith. They say that the conduct of the Italian government affords another strong guarantee of the peace of Europe.

LONDON, Sept. 25.—The regular session of the Anglican Synod commenced yesterday. Bishop Whitehouse, of Illinois, preached the opening sermon.

Intelligence has been received from Dover of such a nature as to lead to fears of attack on that place by Fenian Arms have been sent and precautions taken against the attack.

OUR SAN FRANCISCO DISPATCH.

SAN FRANCISCO, Sept. 25.—A boy named Joseph Valencia, was accidentally killed by a boy named Joseph Haleof, while they were off hunting for birds in San Mateo county.

George Stanton is on trial in the 15th District Court, for the murder of a colored man named Samuel Brown, at the West End Hotel, last February, by striking him with a bottle and kicking him.

T. B. McDowell, Joseph Lawrence and Thomas Watson were arrested for alleged attempt to murder and rob Jas. Pearson, of Arizona. They entered him on board a boat at Hathaway's wharf and knocked him senseless with an oar. He partially recovered and called for help, when the assassins fled, having failed to secure his money.

Chas. S. Lord, of the house of Mudd, Lord & Co., has been indicted for giving a false bond for $15,000 to the collector of customs on June 7th, for the purpose of withdrawing from bond 125 barrels of spirits and 100 cases of spirits, under the pretense of exporting it to the Amoor river by the schooner Scrub. The particulars of the wreck of this vessel and the arrest of Capt. Swann and his mates, are familiar to the public. Mr. Lord was released on giving $7,500 bail. Capt. Swann, who escaped several weeks since, and who is under indictment for smuggling, gave himself up yesterday and was allowed to go at liberty again on giving $5,000 bail. He took passage for Victoria, making no secret of his departure.

Capt. W. E. Scribner, formerly of one of the New York volunteer regiments, fell from the window of his room in the second story of building No. 46 Second street, on Tuesday night, and received injuries from the effect of which he died this morning.

Chief Engineer Whitney is confined to his room by injuries received at a fire on Saturday evening.

A Trust Company has been formed in this city and will soon be incorporated, with a capital of $500,000. They will loan money, act as agents and trustees for all kinds of property, receive on deposit bullion, jewelry, plate, bonds, stocks, papers and other valuable articles, at fixed charges per day, month or year, and do a general business of this character.

The steamship *America*, from San Juan del Sur, arrived at a late hour last night.

MONKEY WAITERS.—The Paris Exposition is to have another novelty, in fact, something more of a novelty than has yet been seen. There is a restaurant, the garcons of which are monkeys, or rather large baboons. "A Mr. Beckway, an American," says a Paris journal, "has spent many years in educating a number of baboons, four or five of the most intelligent of which he intends bringing to Paris, and installing in his proposed restaurant as garcons." The editor has seen these strange servants go through their exercises, of which he speaks as follows. "Each monkey carries upon his arm a napkin, and attached to the belt of his dress by a string are a number of blank cards, one of which the guest takes, and, after writing upon it his order, gives it to the garcon monkey, who carries it to the office, and presently returns with the first dish, which he places on the table, keeping all the while a most serio comical face. They monkeys never mistake the rap on the table. The perfectly understand it and quietly obey it. Instead of the "Voila Monsieur," they approach with grins and grimaces, and make, as they reach you, a sort of chuckling noise. They are dressed in a fantastic costume, of which they seem very proud. There not engaged are seated at one end of the room, and endeavor to make themselves agreeable by nods and winks to the ladies. The principal trouble of Mr. Beckway has been to teach his scholars to carry sweet-meats without eating them. Although he has now almost entirely got over the difficulty, the temptation often becomes too great for a monkey, and he devours the ice cream, cake, etc., which he should take to some lady or gentleman."

THE GREAT CAUSE.—The Santa Cruz (Cal) *Sentinel*, remarking upon the result of the late election, says:

All this defeat; all this Democratic rule, for years to come, arises from the fact that the Convention of the Union party disregarded the will of the masses. We hope that no such action will ever find repetition in the party again. Conness—the prime instigator of the whole—is now too dead to excite envy or contempt. He has made his own bed, and we hope he will lie there many a long weary year to atone for the misery of his corrupt influence. It is a sad commentary upon a great party to thus be defeated by the heartless workings of a clannish few, who would either rule the party or ruin it.

Northern Passes of the Cascades.

[From the Olympia Standard.]

The continuous range of mountains known as the Sierra Nevada in California, bears the name of Cascade Range through Oregon, Washington and British Columbia. The name originates from the numerous beautiful cascades which pour from every crevice, at every height, and sometimes even from the top of the steep bluff sides of the gorges in the mountains through which the mighty Columbia forces its way to pour its volume of water into the Pacific ocean. With the exception of the lofty sn

The Late Decision on Gambling.

The Supreme Court, in the case of the State of Oregon vs J C. Mann, has rendered a decision which in effect, declares the whole law of the State, on the subject of gaming inoperative. The defendant having been convicted at the last term of the Circuit Court in Clackamas county, of permitting a gambling device to be set up in his house, appealed to the Supreme Court, basing his appeal mainly upon the ground that the law prohibiting gambling was so indefinite as to what constituted a gambling device, that no conviction could be had upon it. The appellate court so held, reversing the judgment of conviction.

The section of the code [sec. 666] declaring what is a gambling device, is the foundation upon which all the rest of the gaming law is framed; and this decision virtually declares that there is no law against any offense in the nature of gambling, except, possibly, that of actually playing games for gain, and betting upon the sides of such as do play, as prohibited by section 672; and it may be doubted whether even this section can be enforced.

Thus it appears that we are entirely without a law against gambling. Formerly, the law prohibited certain specified and enumerated games, and prescribed punishment for such as violated its provisions. But it soon became apparent that this gave society no protection against the evils of gaming; for simply changing the name and in some trifling manner the mode of play would take the game out of the description of any of the games prohibited by the law. Then the Legislature endeavored to meet the case by prohibiting all games of a particular *character*, by whatever name they might be called. This was held to be too indefinite; so we are sent back to the common law for security, and there we find that *all* gaming is lawful.

Though we do not pretend to question the correctness of the conclusion at which the Supreme Court has arrived, we regret that they were forced to that conclusion, as doubtless the Judges themselves regret the necessity of pronouncing against the validity of the law. Possibly by the time we experience the evils of public gambling houses for a year, some one will be ready to offer to the Legislature at its next session, some practicable measure for the suppression of immoral gaming, —such a measure as will not defeat its own objects, either by being too definite or too indefinite.

CALIFORNIA ELECTION.—The Sacramento *Union* has returns from all the counties in the State, most of which are official. The total vote will not vary more than a few hundred from 85,000. Haight has within a fraction of 9,000 majority over Gorham The total vote thrown for Haight is therefore about 47,500. The Democratic vote in the last Gubernatorial election was 44,715, and in the Presidential election (1864), 43,841. Haight therefore receives only 3,000 to 4,000 votes more than the usual strength of the party, taking no account of the increase of the voting population of the State within the last four years. The remainder of the Democratic ticket runs about 600 behind Haight, and some of the candidates have less than 3,000 majority. The vote of the [illegible] 1864 was 106,000, or, to be exact, 105,975. As only 85,000 votes were polled in the late election, it follows that at least 20,000 persons entitled to vote did not attend the election. Of course these, with scarcely an exception, were Republicans, as the Democrats under the circumstances would get out their whole force. As it is, their vote will not average 3,000 larger than usual, a very small gain when we consider the unparalleled dissatisfaction among their opponents. The Republicans literally "let the election go by default" for the whole of it. They declined to ratify Haight's nominations With a good ticket they would also succeeded by at least 15,000 majority, and to-day there is a Republican majority of that amount in the State. The figures show that the Democratic "gains" are just nothing.

[illegible] paper says "the soldiers of the [illegible] with the Democracy." [illegible] no allusion to the impudence of Sanford [illegible] can be mentioned of any [illegible] with the Democracy," who [illegible] any considerable distinction during the war. Not an instance can be shown where *any* soldier of the Union has gone with that party except in a few cases for the paltry reward of office promised by Johnson and his semi rebel friends. There are about half a dozen Stoudmens, men who [illegible] no account in the war, and who are equally [illegible] everywhere, who are with Johnson [illegible] but these few embrace the [illegible] are Grant and Sherman and Sheridan and Howard and Pope and [illegible] and Sickles and Schofield? Again the [illegible] crazy, every one. And who ever saw a private soldier who served honorably through the war now associating with the Democratic party? "The soldiers of the Union with the Democracy," indeed! They have not forgotten how the Democracy were wont to call them "Hessians," "Vandals," "Lincoln's hirelings," and "Abolition thieves and murderers."

It has transpired that Judge Strong went to the Copperhead meeting at Dallas to serve as a sort of background for Ben. Hayden, otherwise known as the "great unwashed." It is said that he answered the purpose excellently. Strong and Brown had a "spat," in which the former is reported to have told the assembled Democracy not to believe what they saw in the newspapers for the party editors (looking hard at Brown) did not tell the truth; and the latter told the crowd that his assailant was not the man to criticise a life long Democrat, as he had been a Whig all his life and was now merely an interloper in the Democratic party. According to Brown, Strong would do well to take another ride (or slide) on that machine for making Democrats.

Senator Williams said in his speech the other evening that he did not undertake to declare that negro suffrage was desirable anywhere. But speaking of the South, he said that it was one of the necessities which the infernal spirit of the rebellion had brought upon them. "Negro suffrage in the South is not an evil so great or dangerous as the ascendancy of the rebel spirit there." The question for Union men to decide simply is whether they would prefer to see negro suffrage or rebel supremacy in the South and perhaps in the nation.

We have had three several installments of Greeley's autobiography in the New York *Ledger*, and he is not born yet. Indeed his story has not yet reached a date within one hundred years of the day of his nativity. He is evidently trying to rival Tristram Shandy, who was not born till he had nearly finished the "History of his Life and Opinions." Greeley has not yet introduced us to his Dr. Slop, Mr. Yorick, Obadiah and the rest; but he doubtless will in good time

The Democratic papers of Oregon have a high appreciation of the beauties of literature. The Salem *Chronicle* publishes a diatribe against the "mongrels," with the elegant heading of "Thou Dupes," which the Umatilla *Press* copies, evidently charmed both with that style of grammar and argument.

Lake Kitchelas in the Cascade Mountains north of Mount Rainier, is the head of the Yakima river. The lake is six or seven miles in length by three in breadth. The river, at the place where it issues from the lake, is about one hundred feet in width.

DATES TO SEPTEMBER 26.

Georgia Matters.

AUGUSTA, Ga., Sept 27.—Three Judges of the Supreme Court of Georgia, publish letters favoring reconstruction under the military bills, on the ground of necessity and expediency.

Miscellaneous.

NEW YORK, Sept 26.—The Syracuse Republican State Convention adopted resolutions pledging the party to the advocacy of negro suffrage and propose a modification of the present excise law Gilbert Debenneter, of Wyoming, was nominated State Prison Inspector, and Charles Mason, of Madison, as Judge of the Court of Appeals

PHILADELPHIA, Sept 26.—Sheridan was formally welcomed to-day The gathering was tremendously large and the greatest enthusiasm was manifest The Mayor delivered the welcoming speech Sheridan merely returned thanks for the honor, regretting his inability to more appropriately express his gratitude The crowd then filed past, shaking the General's hands

WASHINGTON, Sept 25.—Gen Sickles left for New York to-day, probably a leave of absence for several months will be granted him No decision as yet upon his application for a Court of Inquiry.

A committee of citizens of Maryland visited the President to-day and presented the resolutions of a Blandenburg meeting. The President received the committee, and expressed the hope that the present political difficulties may be adjusted on the basis of the Constitution

NEW YORK, Sept. 26.—The bark *George Hall*, bound for a Grecian port was seized by the Revenue officers yesterday She had a cargo of whisky on board The examination shows that a portion of the barrels were filled with water.

The river thieves are busy and several vessels have been robbed, and one of the captains was very severely wounded.

A committee of the Newark Common Council has gone to Philadelphia to tender to Sheridan the hospitalties of that city. A grand reception is intended

The vessel seen off the Irish coast, and supposed to be a Fenian cruiser, is now said to be a vessel with a party of ostensible and military gentlemen, who are making a survey of the coast to ascertain the most available inlets for landing in Ireland.

The passengers per steamer *Minnesota*, will be discharged from quarantine to morrow

RICHMOND, Sept 26.—General Schofield has decided that all persons not prohibited from holding office by the proposed amendment to the Constitution, are eligible as delegates to the Convention

BUFFALO, Sept. 26.—The report that a boat with several persons was carried over Niagara Falls, is not yet verified.

RICHMOND, Sept. 26.—The soldiers and sailor's Convention adopted resolutions in support of the reconstruction acts, and refused to adopt the platform of the Radical State Convention

Learned in the Law.

In its vehement assault upon the Circuit and Supreme Courts for their decision in the Rosenheim case, the *Herald* undertakes to lay down the law, and berates the judges fearfully for not deciding the case in accordance with its enlightened view of our jurisprudence. It learnedly says:

Judge Shattuck *found* a reason for overruling the election of Mr Rosenheim in "public policy"—not in the written law. The Supreme Court sustains the decision of Judge Shattuck on the ground of "incompatibility"—a term which has no legal significance but in divorce cases. It is supposed to be the duty of the court to define the law as they find it—not to make laws to meet a case not anticipated by the law makers.

This is not the first time a Democratic editor, in the exuberance of his conceited ignorance, has claimed to know more about the laws than those appointed to interpret and declare them. It happens that the word "incompatibility" *has* a "legal significance" in the sense to which the Courts have used it,—this Democratic editor to the contrary notwithstanding. Bouvier's Law Dictionary is a book which is somewhat more widely recognized as a standard authority in legal terms and definitions than the *Herald*. Turning to that book we find the following:

INCOMPATIBILITY.—*Offices, Rights.* This term is used to show that two or more things ought not to exist at the same time in the same person.

1. There are offices which are incompatible with each other by constitutional provision

2. At common law offices subordinate and interfering with each other have been considered incompatible.

Hence it appears that the term has a legal significance in the case under consideration. The Courts after all know something more about the law than the slangwhanging ignoramus who assails them. This will suffice for one part of the *Herald's* statement. But in another part of its statement that paper is equally ignorant and unfortunate. It says that the term "incompatibility" has no legal significance but in divorce cases." Now it has no legal significance whatever in cases of divorce. The term, used in this sense, is entirely unknown at common law. Our statutes know of no such word with such a meaning. Bishop, an eminent authority in the law of divorce knows nothing of such a word as "incompatibility" in the law relating to that subject. The word is not known in our practice and is never heard in our Courts with such a signification. The term "incompatibility" has therefore no legal significance except as above cited. It is precisely the term to be used in cases like that lately before the Supreme Court, and is used in no other way.

It is the habit of some people, and of no one more than the editor of the *Herald*, to make bold and reckless assertion supply the place of fact, and to try to outface truth, common sense, and profound learning, with dense ignorance and stupid declamation. On this principle he has proceeded in his attack upon the Courts. Doubtless such stuff is very good Democratic argument. It is no wonder Democracy still lives when its native ignorance is fed with new supplies by this class of writers.

WORK ON THE "RETRENCHERS."—During the year 1866, as may be seen by consulting the city records, the sum of $437 25 was paid the OREGONIAN for the city printing. This embraces every item of expenditure for printing which was paid to the proprietor of this paper. The *Herald* has been doing the printing for about five months, and its bills already, (counting only those paid and allowed) amount to $482 75. Thus, it has been receiving nearly $100 per month for printing which has heretofore been done for about one third of that amount. Before the city election we stated that the *Herald* would get from $1,000 to $1,500 a year for the printing under the existing arrangement, and the statement was denied. What we said then is now verified. The city at this time is paying money into that concern at the average rate of $50 per week, and this for printing matter, the greater part of which need not be printed at all. This is Democratic "retrenchment." Mayor Holmes complained that the printing bills last year were too large, but this year, under the management of the "retrenchers" they will be about three times as great. For five months of the present year they already amount to much more than was paid for the service during the entire year of 1866. This is only a part of the scheme to reward partisan services which has been put in operation or attempted under the present municipal administration A very large part of the city patronage has been devoted to the same object. The spoilsmen and the corruptionists (except where the Courts have interfered) are having a fine time of it. They are getting their plans of "retrenchment" fairly under way But what an outrage it is that there are Courts of law which when called upon, interfere to check swindling!

AT WORK.—McDonald, late of the *Flag*, is editing the Oakland *News*.

GEN ROSECRANS AND THE BATTLE OF STONE RIVER.—The following appears in the San Francisco *Alta* of September 19th:

It seems desirable that statements detracting from the true luster of the nation's military achievements in the late "little unpleasantness" should not be accepted as history. Swinton, in his "Twelve Decisive Battles," says the rebels had "about 35,000 men in the battle of Stone River."

1. I know we took prisoners from 142 regiments of infantry, 12 battalions of sharpshooters, 23 batteries of artillery, 29 regiments of cavalry, and 24 cavalry commands less than regiments. By any reasonable computation of the strength of these organizations, can they aggregate only 35,000 men? Try it.

2. General Bragg's official report, published in the newspapers, gives his loss in the battle as 14,700 men *hors de combat* If he lost as large a percentage as we did—lay 20 per cent of his command—he must have had five times 14,700 or 73,500

3 General Bragg's official map of that battle represents his line considerably overlapping ours on both flanks, and yet he gives us all the ground we really occupied, and about one division more We had 43,000 men in that battle.

Is it credible that any General, much less Gen. Bragg, would have attempted to cover all our lines the imaginary overplus, and several hundred yards beyond on each flank, with 35,000 men? Even a mill ary report would fail to make me believe it

My official report estimates the rebel force at about 62,000.

Please call public attention to the foregoing in your journal, and oblige your friend

W. S. ROSECRANS.

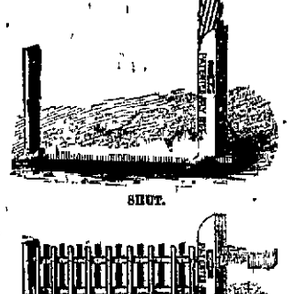
AMERICAN VERTICAL PICKET FARM & CARRIAGE GATE!

PATENTED JULY 11TH, 1865.

OPEN.



SHUT.

THIS GATE WILL BE ON EXHIBITION AT THE STATE FAIR!

When the Rights to the Counties of MARION, POLK, LINN, LANE, BENTON, JACKSON, JOSEPHINE, DOUGLAS, UMPQUA, COOS and CURRY will be offered for sale by my Agent.

The advantages of this gate may be summed up in this brief statement:

1st—being on a perfect balance and resting on *a castor near the base, and between two posts*, as may be seen in the diagram, there is no tendency to sag to the posts from a perpendicular; it thus avoids the inconvenience so often experienced with the swing gate, that of dragging on the ground after a frost

2d—It opens vertically and out of the way of the snow, mud and stones, requiring no additional space when open.

3d—It admits of more secure and cheaper fastening, while it is also a stronger gate than any other of the same amount of lumber.

4th—It can be easily opened from a carriage, without halting the horse or getting out; and even the field gate, without levers, can be opened easily by any one on horseback, and without leaving a team

5th—It is not only the most convenient gate, but can be made 50 per cent. cheaper than any other kind now in use

NEW BRIDGE ACROSS TANNER'S CREEK.—The citizens living or owning property on both sides of Tanner's creek, near F street, some time since subscribed means to build a bridge across the creek on F street, and contracted with Messrs Lueger, Boise and Doehm Lefebre to build it. The bridge is now nearly completed, the flooring and the railing only being required to finish it. It will be completed on Tuesday or Wednesday next, and accepted by Captain Flanders Mr John N Perlot, according to contract, will be immediately thrown open to travel

Mr. Perlot, who has had charge of the funds desires to make to the subscribers the following report.

AMOUNT SUBSCRIBED

Thos J Brennan...	$1 00	Couch & Flanders..	$100 00
Robt. T. Dale.....	20 00	R Glisan	5 00

L. W. Snook	10 00	John Sellwood	5 00
W. D. Taylor.....	15 00	Jos. N. Perlot	40 50
Total			$340 50

COST OF CONSTRUCTION.

Paid contractors for building bridge	$200 00
" for lumber for floor and railing.....	128 00
" " nails, etc.....	12 50
Total	$340 50

Mr. Perlot will call on the subscribers as soon as the bridge is thrown open for travel. They are invited to be present when the bridge is accepted

Application had been made to the City Council to build the bridge, but the request was denied The citizens in that neighborhood went immediately to work, raised a fund and built a bridge themselves. If the front street people, above and near the Oregon Iron Works, want a bridge or a street they had better go and do likewise. "Popocry" is such now-a-days that people in certain quarters are perfectly at liberty to help themselves, if they want anything.

WASHINGTON COUNTY FAIR.—There were present at the Washington County Fair, yesterday, about two thousand people. Among the number were many from this city and county, mostly attracted thither by the races. The show of stock was rather meagre, though there were some very good blooded animals. In the industrial department there were some very fine pieces of domestic manufacture. The display, however, was not large. The show of agricultural products was small. However, considering the infancy of the society and paucity of the population of Washington county, the fair is considered a much more successful one than anybody had a right to expect, and all concerned feel that they have good reason to be encouraged to future efforts. For the free-mason race, yesterday, single dash of one-half mile, W. Robinson entered Blundering Dick; J. Basket entered Vallandigham, and W. Dean entered Rambler. The race was won by Vallandigham in 59 seconds, Blundering Dick being 2d and Rambler 3d. At 1 P. M., the running race, mile heats, three best in five, came off. R. Arthur of Washington county named Portland; J. Basket of Polk county named Jeff Davis, and B. B. Acker of Multnomah named Richmond. The first heat was won by Portland in 1:50; Jeff Davis 2d; Richmond 3d. Second heat, Portland in 1:60; Richmond 2d; Jeff Davis 3d. Third heat, Jeff Davis 1st, in 1:50; Portland 2d; Richmond 3d. Fourth heat, Jeff Davis 1st, in 2:00; Portland 2d; Richmond 3d. Fifth heat, Jeff Davis 1st, in 2:08; Portland 2d; Richmond withdrawn.

After the close of the fair the citizens had a mass meeting on the railroad question, which was addressed by W. W. Upton of Portland and others. One informant left before the meeting closed and we are therefore without any report of the result.

SPARTANS VS. OCCIDENTALS.—The following is the score of the third game in the match between the Sherman and Occidental Clubs, of Vancouver, played on Thursday, the 26th:

Shermans.	Runs.	Outs.	Occidentals.	Runs.	Outs.
Shields, 2d b.....	6	4	Johnson, 3d b.....	1	5
Skarbono, c.....	0	4	D. Leahy, 1st b...	4	3

Gibbins, r. f.....	0	2	Prophetel, 2d b...	3	3
Total.....	52	27	Total.....	25	27

Smith and Gibbins, of the Shermans, made each one home run. McNamara, W. Leahy, of the Occidentals, made each one home run; Prophetel made two. Mr. Fisher, of the Occidental Club, acted as Umpire. Mr. Barling scored for the Shermans and Mr. Rankin for the Occidentals. The game lasted three hours and ten minutes. The result gives the victory in the match to the Sherman Club.

SPARTANS VS. TIGERS.—The game between the 1st nine of Spartan B. B. Club of this city and the 1st nine of the Tigers of Forest Grove was played at the Washington Co. fair grounds, yesterday. The following is the score:

Spartans.	Runs.	Outs.	Tigers.	Runs.	Outs.
Northrup, 1st b...	4	5	Richards, c	2	4
Chapman, 2d b....	6	2	Loose, p.....	2	3

Total.....	47	27	Total.....	16	27

Time of game 2 hours 30 minutes. Frank Bowden, of — Club, Umpire. C. P. Ferry, Scorer for Spartans. The Spartans failed to score on the 5th inning; the Tigers failed on the 6th, 7th and 9th innings The greatest number of runs in one inning was 16, by the Spartans, on the 3d inning; the Tiger's greatest score at one inning was four.

RICHARDSON'S COURT.—Yesterday Wm. Wills had an examination before the Recorder, on a charge of grand larceny, at the complaint of James Moon, of Clackamas county. It appears that on Thursday evening, somebody met Moon, and pretending to have known him some years ago at the Cascades, professed great joy at again meeting him, and in a very hospitable manner invited him to drink. Moon, though he could not exactly remember having ever seen his entertainer, took a drink, and as might have been expected, he very soon was unable to remember anything else. In brief, he was drugged, and while in that condition, was relieved of $166 coin, which he happened to have in his pocket. He was found, toward morning, by the police, leaning against a post in a condition of mental imbecility—the result of his "taking a drink." Upon the examination of Wills, there appeared to be no testimony, implicating him in the robbery, and he was accordingly discharged. The guilty party has, no doubt, left the city.

MCCORMICK'S ALMANAC.—We have on our table a copy of McCormick's Almanac for 1868—the 14th year of publication. As its title page indicates it contains a great amount of "useful statistics relative to the population, progress and resources of Oregon, Washington, Idaho and Montana, together with other useful information." Among other things, we find an official directory of the State and the adjoining territories and of each county with a statement of the most important facts connected with each, lists of postoffices, lists of newspapers, meteorological tables, stamp law, tables of distances, and a number of articles of an interesting character, both original and selected. Besides these it contains advertisements of the most of our principal business firms, which will be of use for reference by interior merchants and others. The price, we understand, is 12½ cents per copy. The trade will be supplied on and after Monday, the 30th.

A CONVENIENT GATE.—In this morning's paper will be found an advertisement of Lee's American Vertical Picket farm and carriage gate, the patent right of which, for the southern half of this State, belongs to Mr. J. W. Cook, of this city. Mr. C. has one of the gates set up for exhibition, and everybody who sees it, pronounces it the most convenient they ever saw, no matter of what patent. It has an attachment by which it can be opened for the passage of a carriage without dismounting, and by which it can be closed again, after passing through. The whole affair can be built for about $15 or $20, and there is scarcely any liability of its getting out of repair. But for particulars, see advertisement. The gate will be on exhibition at the State Fair, where its excellencies will be practically demonstrated to all who may be interested.

ARRESTED.—On Friday night Deputy Marshal Saunders arrested a man named Antoine Smith, on suspicion of having been connected with the late murder of Emanuel Devine, on the road about thirty miles beyond Umatilla. The Sheriff of that county had followed him down here, knowing that he had been seen on the road in company with the murdered man, for a part of the distance between Idaho and Umatilla. The prisoner avers that he parted with the deceased on the road several days prior to the murder, and came through with another man, a teamster. If he is able to prove this statement he will of course get off. The sheriff of Umatilla thinks he will take him back there and institute an examination.

PASSENGERS FOR PORTLAND.—The steamship *Orifiamme*, Thorne, commander, sailed from San Francisco, yesterday morning, for Portland with the following list of passengers: Mrs Commodore Watson and sister, H Smith, A Friedlantzanh, A S Hapgood, P M Eder, T B Newman, T B Hickey, T H Wright, R H Law, W T Shannahan, C Holman, T Charman, S C Silver, S Wolff, W H McFarlane, D G Lewis, Miss E Cardiff, Miss A E Black, Mrs O A Roberts, Miss E A Roberts, Miss E O Roberts, J Barrows and family, Capt Crowning, U S A, W Wills, Dr J B Lee, J Engle, S Mitchell, J H Faviersch, D Meizar, and forty in the steerage.

ANOTHER CHANGE OF PROGRAMME.—Hereafter, the O. S. N. Co's steamer *Ohanagan*, will leave here on Mondays at 0 o'clock A. M. for Astoria, touching at Monticello, carrying the Puget Sound mails Returning, Tuesday, will bring up the mails from Monticello. On Wednesdays she will run only to Monticello and return on Thursday, with the mails On Fridays she will go to Astoria, touching as before at Monticello both in going and returning, carrying the mails.

TO THE PENITENTIARY.—The judgment of the Circuit Court for Douglas county, sentencing John Fitzhugh—one of the Douglas county rioters—to the penitentiary, having been affirmed, Fitzhugh was brought down on Wednesday by Mr Watson, Deputy Sheriff, and placed in the penitentiary at Salem His term of imprisonment is five years. Mr Watson came down here, last evening

THE PIONEER'S MATCHES.—At a regular meeting of the Pioneer B. B. club, Thursday evening, the challenges of the Willamettes and the Clackamas club, to play during the State Fair, were formally accepted. The 2d nine of the Pioneers accepted a challenge by the Spartans to play on Monday at 3 o'clock P. M. Meeting of the 2d nine at 4:30 this afternoon.

THE TELEGRAPH.—Mr. Haines, the Superintendent of the northern section of the telegraph is now engaged in making general repairs to the line between Vancouver and Monticello, preparatory to the coming of winter. The cable across the Columbia at Van Orver will also be overhauled and all defects cured.

THE NEW YORK CIRCUS.—Lee & Ryland's New York Circus went to Vancouver yesterday by the *Fanny Tyrape* to play last night. This evening, they play here again, for the last time this season Joe Williams, the new clown, is "a fellow of infinite jest" and makes the show decidedly lively.

AUCTION SALES TO-DAY.—Mr A. B. Richardson will sell at auction at 10 A M. to-day, extensive lots of groceries, merchandise and furniture—especially, of the latter. Sale takes place at his Sales Room, cor. Front and Oak.

WILLAMETTE FREIGHTS.—Arrived per steamer *Senator*, from Oregon City yesterday, 277 sks wheat, 117 qr sks flour, 7 boxes eggs, 2 bales woolen goods, 2 bales furs, 3 sks bacon, 5 hlf bbls dried apples and 68 boxes apples.

PRATT'S ABOLITION OIL!
For Abolishing Pain.

Cures Rheumatism, Paralysis, Neuralgia, Gout, Headache, Toothache, Sore Throat, Diphtheria, Colic, Cramps, Diarrhœa, Cholera Morbus, Pains in the Breast, Pleurisy, Sprains, Bruises, Weak, Swollen and Stiff Joints, Contracted Cords and Muscles, Lame Back, and all Aches and Pains.

This magic compound acts speedily and with certainty, and is unquestionably the best remedy in use for the above complaints. It is the best family medicine in the world, and one that it is dangerous to be without.

Circulars with full directions accompany each bottle.

Don't be put off with substitutes offered by interested parties. Call for and obtain PRATT'S ABOLITION OIL.

Price, 50 cents and $1 00 per bottle. For sale by all Dealers in Medicines.

We should not suffer from a Cough, when a few doses of **AYER'S CHERRY PECTORAL** will cure. Time, comfort, health, are all saved by it.

☞ We have but little confidence in the trumpet tongued statements of the proprietors of advertised medicines generally, but we are forced to concur in the opinion, uniformly expressed by all who have used PERRY DAVIS' PAIN KILLER, that it is a very valuable article, and one that it would be well for every household to have at hand, in case of bruises, scalds, burns, diarrhœa, dysentery, cholera, fever and ague, and the host of diseases, external and internal, which it is adapted to cure or alleviate. No article of medicine ever attained to such unbounded popularity and extensive diffusion. It has penetrated to every part, even the most remote, of the known world, bearing with it its healing influences more potent than those of the spices of "Araby the blest." We are informed by our principal druggists, that they sell more of this article for exportation than any or all others, and that the demand is constantly increasing.—*Salem Observer.*

A Great Bore.

We have been congratulating ourselves a long time that our monster smooth-bore guns throwing shot of great size but low velocity, were the most effective weapons yet devised. At least such seems to have been the conclusion at which the government arrived, for it has expended enormous sums in the manufacture of such guns. Now, whenever government is spending a great deal of money, there are people who are anxious to have the golden shower continued. These people, in some mysterious fashion, shape news to suit themselves. By some strange dispensation of Providence, the scoundrels and leeches always know how to manage the wires and the news agencies. Accordingly, we always get just such Indian news, for example, as the most pious and patriotic of all the Indian agents, Leavenworth say, would himself have dictated. In like manner, the gun question is remarkable for the facility with which news favorable to Messrs. Dahlgren and Rodman makes its way into circulation. Thus, not long ago we were told that the English government had become so convinced of the superiority of these guns that it had ordered some of them. Subsequently, it appeared that Great Britain had obtained one of them to test it. The test came off and the whole world was assured by telegraph that the result amply and incontestably demonstrated the superiority of the American ordnance. But the full accounts tell a different tale.

The test instituted by the British Government, so far as it proves anything proves that our monster guns are greatly inferior to our best artillery. Perhaps the test may not have been as favorable to our weapons. But it seems to have settled one fact, that the great fifteen-inch gun, with its boasted smashing power of shot, neither smashed, nor penetrated, nor injured a target as much as a nine-inch British gun, lighter, more accurate in fire, much more easily handled, and of very much greater range. Now if the English ships can lie (illegible) edge of our big guns and [illegible] with the elongated steel-[illegible] rates like a solid shot at [illegible] six shell, while our fifteen-inch shot [illegible] against armor at close quarters, will do no more harm than those cump English rifled shot, it is difficult to see in what our boasted advantage consists.

However, the interesting thing is not the penetrative power of shot, but the penetrative power of falsehood. The gun may have failed, but the inventive genius of its friends did not fail at all. Consequently the whole world was promptly informed that the Dahlgren gun had achieved a marvelous success.—*St. Louis Democrat.*

A magistrate who assails the liberties of a people usually retains some sort of personal dignity in the midst of his usurpations; but Andrew Johnson is rapidly forfeiting even the dubious respect which is commonly inspired by daring crime. To the favored correspondents who are admitted to bask in the sunshine of his favor, he appears as little better than a common scold. Gen. Sheridan, according to him, is an impudent brawler, who must be put under tuition, and made to behave himself. Gen. Grant is a "radical tool and spy"; and now Gen. Howard is denounced as a "corrupt and ambitious hypocrite." Mr. Johnson is losing his senses very fast indeed.—*N. Y. Tribune.*

Next to the wonder how the milk got into the cocoanut, came the marvel how chickens could get into eggs. This has been succeeded by a question submitted by one of the Dromedary family, who asks the reason why white ashes should come from coal when the coals are so deuced black? That's the idea.

FINANCE AND COMMERCE.

WEEKLY REVIEW.

PORTLAND, FRIDAY, 2 P. M., }
Sept. 27, 1867. }

On the 25th, which is our latest New York date, gold closed at 143½. The price of legal tenders is, therefore, 70@70¾, buying, and 70@71, selling.

Trade for the week has been very good, indeed, most of the jobbers having all they could do while a few of the leading wholesale grocers have been crowded. Business, we think, has permanently recovered from the stagnation of the early part of the season and it is probable that we shall have no further cause of complaint. Heavy invoices of goods are being turned out for the Upper Columbia country; the Willamette valley is buying liberally and the local trade is fair.

The leading articles of produce are commanding a good price and the market is firm. Since our last report, the exports by ocean vessels amount to the following. To Victoria—300 sks flour, 100 bags wheat, 50 sks oats, 25 cases lard, 50 cases bacon, 12 cases butter and 130 boxes apples. To Port Townsend—97 sks wheat, 450 sks middlings, 40 boxes apples, 9 hf bbls sugar, 350 qr sks flour, 72 sks bacon, 1 keg and 6 sks dried apples. To San Francisco—9,771 sks flour, 40 sks oats, 227 sks wheat, 9 sacks flax seed, 94 sks potatoes, 1 bale furs, 18 bales wool, 21 bbls beef, 3 bbls lard, 27 hf bbls do, 174 hf bbls salmon, 49 bbls salmon, 13 hf bbls butter, 194 hf bbls dried fruit, 10 half bbls eggs, 195 boxes do, 171 cases bacon, 85 gunnies do, 7 rolls leather, 318 boxes fruit.

With the exception of flour, the receipts of produce have been rather light. Farmers are engaged, many of them in preparations for seeding. Wagon transportation is too expensive and navigation is not yet free enough to admit of a general movement of produce to this market. The consequence is that most of the wheat, moved from the granaries, goes to the local mills, and the mills of the lower Willamette find some difficulty in getting enough to keep them in constant employment. The grain crops of the entire State are now in granary and an idea can now be formed of the yield as compared with average years. There is no shrunken grain that we have heard of, but from all parts of the State we learn that the yield is lighter than was anticipated, judging from the weight of straw. The crop of the entire State will be, to the acre, about two-thirds of the average years. We are under the impression that the aggregate yield in bushels is less than that of last year. The steady hardening of prices in most foreign markets, however, leads to the belief that our crops will return us as much money as in any former year. The San Francisco Market Review, published by Knapp, Burrell & Co., Sept. 18th, says: "It is a matter of congratulation that our exports of Wheat and Flour continue to keep pace with our receipts. So earnest is the purchasing demand on the part of millers and shippers combined, that prices of Wheat have steadily advanced until sales to a considerable extent have been made at two cents and upwards; this, too, in the face of a corresponding rise in freights to Great Britain, from whence comesour heaviest export buyers. * * * We remark an increasing demand for all kinds of Feed—Barley, Oats, Bran and Hay, are all in sympathy with the late rise in Flour and Wheat. The crops of Barley and Oats are without doubt largely deficient as compared with those of previous years. We have not Barley enough for local brewing purposes, and the demand for seed calls for a considerable quantity."

We have but few changes to note in prices. Bacon is weakening under liberal offers from the country. We quote sides 11@12c. Our Flour quotations of last week contained one or two errors of print which are corrected this week. Vaughn's Mills and Salem Mills should have been $5 50. Albany steam mills has advanced since last week, to $5 25@5 50; good country brands to $4 50@5. Prices are firm. Lard in cans is one cent lower; is weak, in fact, at 10½@11½c. We find nothing else in the produce line to alter from the figures of last week.

We clip the following from Knapp, Burrell & Co's Market Review, for San Francisco, Sept. 18th, as showing more fully than our telegraphic reports, the condition of the general markets:

"The trade has commenced in earnest. Long lines of drays heavily laden with merchandize for the daily steamer departures inland, as well as those for Oregon and other steam coast lines, attest it and fully bear out the assertion that the jobbing business with the interior is now active. Dry Goods men and Grocers all have their hands employed. Other leading interests find a corresponding trade in progress.

On the 14th inst. we had the first rain of the season, reminding all of the importance of preparing for the winter for near at hand. In presenting our accustomed resume of the market before us, we remark at the outset a very general degree of prosperity pervading all departments. Money is abundant and cheaper than ever known before on this coast, resulting from the high prices realized for our abundant Wheat crop now freely going abroad. Rags and bagging are superabundant and cheap. Bread is the turn dearer. Building Materials remain as heretofore. Boots and Shoes arrive freely; stocks accumulate while the trade languishes. Crockery and Earthenware are freely offered at auction. Candles are nominally as heretofore. Cement is unchanged. Coffee is held with much firmness. Cordage commands old prices. Coal is the turn dearer. Drugs, Chemicals, etc., are in large supply. Dry Goods and Clothing are being largely forced off at auction at low prices. Fish of all kinds favor the buyer. Fresh Goods are almost unobtainable; even Sardines are neglected and prices quite nominal. Fruits, Sauces, etc., are for the most part devoid of interest. Hemp under it in large local supply. Gunny Bags command increased attention. Hops are unchanged. Hardware moves more freely at old prices. Malt Liquors command usual attention. Matting is unchanged. Matches are in good local supply. Metals favor the buyer, particularly Pig Iron, which is lower. Molasses is dull of sale. Nails are in better demand than for some time past. Naval Stores are dull of sale. Oils have been deals in but moderately, though Whale supplies are increasing. Olive Oils are dull of sale; Lard and Linseed are nominally as heretofore. Coal is the turn dearer. Provision on the whole appears to be rather more in favor, particularly Bacon, Butter, Hams and Lard. Rice has advanced a trifle. Spirits command less than the usual attention. Syrups as heretofore. Sugars are scarce for Raws, while Refined is plentiful. Teas are quiet in view of free arrival. Tobaccos are dull. Wines as heretofore.

The *Columbia Press* (Umatilla) of the 21st says: Business is quiet but steady; the boats arrive loaded with freight, which is freely being forwarded to destination at advance rates. We notice a large quantity of quartz mill machinery arriving here. We are informed that a part thereof is destined for the Owyhee mines, and being first shipped from San Francisco to Cisco, could not be transported from thence and had to be sent back to San Francisco to be forwarded via the Columbia river route.

Several mercantile firms in town are closing out. It is admitted that too many merchants are in for the business, and now that some of them are leaving, it is to be hoped that those remaining will do a more profitable business than heretofore.

A good number of pack trains and teams are being bought up for Government service, and indications point that more will yet be wanted—all of which will affect freighting a new stimulus. If the amount of transportation required by Government should really reach the amount we have heard, all available conveyances for transportation will be needed.

The *Montana Post* of the 14th quotes dried apples, of which considerable quantities are sent from this city, in hard bale packages and kegs, at 40c ₱ lb, at Virginia City; hams, prime, canvassed, 50c; lard, small cans' 40c; bacon, sides, 40c.

Patents for Inventions.

Business with the United States Patent Office, such as filing Caveats, and procuring Letters Patent, will be prosecuted with strict care and attention. All business of this character will be strictly confidential.

General Land Office—Patents for Lands.

Will attend to procuring Patents for United States Lands, located by Land Warrants or purchased with cash. All business connected with the General Land Office, such as collecting money for lands erroneously entered with cash, or return of the Land Warrants erroneously located; the settlement of cases under the Pre-emption Laws, and examining titles, will receive prompt attention.

Bounty Land Warrants.

Will procure Bounty Land Warrants (160 acres) for each of the surviving Officers, Chaplains, Soldiers, Seamen, Marines, Clerks, and Landsmen in the Navy—Wagon Masters and Teamsters, who served in any of the wars in which the United States has been engaged since 1790 to 1856. In case of the death of any of the above, the widow or minor children are entitled.

Bounty and Arrears of Pay.

Will procure arrears of Pay due Officers, and Bounty and Arrears of Pay due Soldiers, Seamen and Marines. If any of the above have died, the amount due is payable to the Widow, Children, Father and Mother, and Brother and Sisters in their turn.

Pensions.

Will procure Pensions for officers of the Army and Navy, Soldiers, Seamen and Marines, who have been disabled by wounds received, or who contracted a disease while in the line of duty; and if any of the above were killed in battle or have died from said cause, the following are entitled to them in their order, viz: Widow, Children (under 16 years of age), Father and Mother and Sisters, if dependent upon their deceased son or brother for support, either in whole or in part.

The Pension Laws apply to *all* wars in which the United States have been engaged.

Unusual facilities are afforded me for the collection of these claims, having reliable and competent assistants at Washington, D. C., and New York, who have been in the business for the past fifteen years and give them their sole attention.

All communications asking advice or information should enclose *postage*, or whenever of a character requiring it, should be accompanied with a reasonable fee.
